0.1993	-	\$ -

<b>Estimated <u>Monthly</u> Impact of Tax Rate Increase:</b>	<b>\$ -</b>
--	-------------

*This calculator is intended to provide an estimate of the increase in real property taxes on a parcel of property located within the New Lenox Fire Protection District boundaries in Will County, assuming the passage of a successful tax rate referendum at the November 6, 2018 election. The information provided should not be relied upon as a definitive determination of a real property tax increase. This calculator does not calculate the entire real property tax bill for a parcel of property as it does not include taxes to be paid to other local governments (e.g. Will County). The actual increase in real property taxes will vary based on the final tax rates of various taxing bodies, changes in the assessed values for both for the individual property owner and the District's boundaries as a whole, changes in law and other factors. No warranties, expressed or implied, are provided for the accuracy of the data or calculations provided by the calculator.*
