

How to Make a Home Fire Escape Plan

- Draw a map of your home. Show all doors and windows.
- Visit each room. Find two ways out.
- All windows and doors should open easily. You should be able to use them to get outside.
- Make sure your home has smoke alarms. Push the test button to make sure each alarm is working.
- Pick a meeting place outside. It should be in front of your home. Everyone will meet at the meeting place.
- Make sure your house or building number can be seen from the street.
- Talk about your plan with everyone in your home.
- Learn the emergency phone number for your fire department.
- Practice your home fire escape drill!

- Make your own home fire escape plan on the back of this paper.

NFPA • 1 Batterymarch Park, Quincy, MA 02169 • www.nfpa.org/education

Memorize your **fire department's emergency phone number** and write it here: _____

Use the space below to create your home fire escape plan.

This image shows a full page of blank graph paper. The grid consists of small, equal-sized squares formed by thin black lines. There are 20 columns and 20 rows of squares, creating a total of 400 square units. The margins are consistent on all sides, and there are no markings or text on the paper.

- Draw a floor plan or a map of your home. Show all doors and windows.
- Mark two ways out of each room.
- Mark all of the smoke alarms with (SA). Smoke alarms should be in each sleeping room, outside each sleeping area, and on every level of the home.
- Pick a family meeting place outside where everyone can meet.
- Remember, practice your plan at least twice a year!

Check out **www.sparky.org** for fire safety games and activities.
